## Key Considerations

You must be able to commit the funds for the period concerned.

Withdrawals are only permitted from the account on the maturity date. Early termination may only be possible in exceptional circumstances and at our absolute discretion.

If the account is terminated before the Maturity Date, you will incur a loss of interest. Details of this are available in the “**A Guide to Personal Accounts Fees and Interest**” brochure. Further deposits to the account can only be made on the maturity date. Anyone over 18 and resident in the Republic of Ireland can open a Fixed Term Deposit.

## Servicing Account

For administration purposes, you are required to open an instant access account with us in the same name as the Fixed Term Deposit. The instant access account will be used for the processing of funds placed on and maturing from your Fixed Term Deposit, together with interest due to you. If you already operate an instant access account (i.e. an Account that does not require notice of withdrawal, such as an Ulster Bank Easy Access Savings Account or an Ulster Bank Current Account), with us in the same name as the Fixed Term Deposit, this can be used as the instant access account. If you do not operate an Instant Access Account with us in the same name as the Deposit, you are required to open an alternative servicing account (“Service Account”).
